Description

ZY Play is a professional camera app designed for ZHIYUN stabilizer users, to enable a quick and simple way to use our stabilizers.

By connecting to our app, you are able to fully explore the features of ZHIYUN stabilizers.

Highlighting professional services, ZHIYUN team is speeding up the app update with new features and performance improvements, making your filmmaking experience even more delightful and personal!

Features:

- Record high-quality videos at 4K resolution
- Capture wide views with Panorama
- Enable amazing nighttime shooting with Long Exposure
- Create an emotional aura or stress a moment with Slow Motion
- Perfectly depict the passage of time with Timelapse
- Realize more dynamic visual effect with 3-axis Timelapse
- Feature Vertigo mode, making cinematic filmmaking accessible for everyone!
- Adjust camera params on your phone with just one tap on Manual mode
- Apply filters to bring out the beauty of your photos
- Adjust params directly using the control panel on the stabilizer
- Intelligent motors under Scene mode
- Upload and share your videos to the online community Lightcollector
- Transform your video into incredible footage with Video Editor
- ***Some features may not be available on all devices
